

Kristy Moore

Production Nerd & Collaborator

603-978-0151 | ktm246@gmail.com | LinkedIn.com/in/KristyTMoore

With over 15 years of experience in production at various levels, I excel in managing all aspects of production, from development to distribution. As I transition from agency production to TV/Film production, I'm eager to flex my strengths by helping to anticipate and solve problems, bring all pieces of production together, and work within the budget in pursuit of making cool stuff. Which is a fancy way to say that I get stuff done.
